linea1 cr _ coat rack

4 large hooks in back and 8 small hooks in front.

galvanized sheet steel 1.25 mm
powder coated white (RAL 9016 matte finish)

The coat rack appears as a plain rectangular solid on the wall.
Its function is not apparent at first glance, but is discovered by feeling the hooks on the underside.
The inward slanted top holds further objects.
When in use, the hard volume sets off the softness of the hanging fabric.

Design: Francesco Apuzzo and Irina Jurasic 2011

linea1 mr _ magazine rack

for 5 magazines

1.5 mm sheet steel
surface: white powder coating, RAL 9016 semi gloss

Magazines float in front of a wall, the rack effaces itself. A row of five selected volumes fans out, immediately available to the reader. Thanks to their form, the magazine racks can be hung in a row.

Design: Francesco Apuzzo und Irina Jurasic 2009

linea1 tl.s _ table lamp

220V, 40 W max.
Transparent cable with switch, length:130 cm

1.25 mm sheet steel
surface: white powder coating, RAL 9016 semigloss

The light describes the object´s structure and informs about the relation between surface and volume. Three folded pieces of steel form a rectangular shape, opened up on top and the sides,where slanted planes let light flow out.

linea1 a _ paperback shelf

for about 40 books or 46 DVDs

1.5 mm sheet steel
surface: white powder coating, RAL 9016 semi gloss

A single laser-cut piece of 1.5 mm galvanized sheet steel is folded into a stable shape. Seen from the front, the shelves retreat to the back and let the contents take the lead. A shadow reveal towards the wall enables invisible, height adjustable mounting and enhances the impression of lightness.

linea1 everyday table

Tabletop 35 mm. Solid ash, or solid oak, lye treated and white soaped finish.
Structure of bent sheet steel 4 mm. Fine-grained powder coating, satin gloss, white - ral 9001, or natural steel finish.

Dimension: 210 x 90 cm, height 74 cm

After a series of small furniture objects, linea1 has designed a large table, to eat, work, play and talk at.
A table for everyday use.
Sheet steel is folded into a linear supporting structure and fitted to a solid wood table top.
The everyday table seats up to 8.
